Introduction to IAEG®

International Aerospace Environmental Group

OCTOBER 2021

© 2021 International Aerospace Environmental Group. All Rights Reserved.
IAEG was founded in 2011 with a vision to advance innovative environmental solutions for the aerospace and defence industry. Starting with 11 Founding members, now at 50 members, this collaboration forum is designed to address pertinent environmental issues that all member companies face. As we have grown, we have found tremendous value and synergy in working these non-proprietary issues together, for the betterment of the industry at large.

Bruno Costes | Board Chair

IAEG Membership companies represents well over 50% of the Aerospace Industry turnover.
WHY IAEG?

Environmental Regulations on the Rise

Supply Chain Complexity and Demand for Improved Risk Management

Pressure to Demonstrate Compatibility with Long Term Global Environmental Objectives

Aerospace & Defense (A&D) companies

Working together to develop resources and tools
